

## Nanolume

Micro Profile LED Task and Cove Fixture

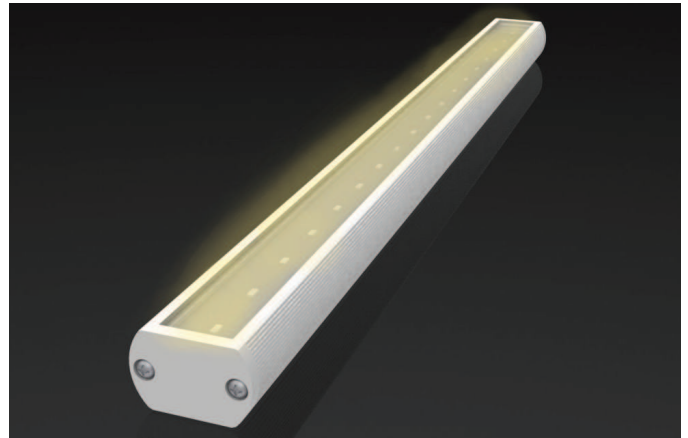

Dimmable monochromatic line voltage fixture for use as a task light or in a cove.

The Boca Nanolume is a very small profile line voltage fixture well suited to coves or task areas where space and energy consumption are constrained. Boca's patented Clean Dim\* technology ensures even dimming from 0-100%. The Nanolume can be fabricated with a range of color temperature choices, affording a multitude of options. The housing is high temperature ABS plastic with a durable silver finish making it temperature and abrasion resistant.

\* Patent Pending

### Technical Specifications

Wattage .....	4 or 8 watts per linear ft. (model dependent)
Input Voltage .....	120VAC
Input Current .....	Model dependent
Control .....	Standard line voltage dimming
Driver Type .....	Constant Current Power
LED Spacing, per strip .....	5/8", on center
Fixture Length .....	12"- 72" in 4" increments
	.....allow 1/4" for each end cap and 1" for power feed cable
Fixture Width .....	1.04"
Total Height (not including clip) .....	0.69"
Mounting .....	Fixed
Color Options .....	2700K, 3000K, 3500K, 4000K, 5000K, amber, red, green, blue
Optics available .....	120°
Color Rendering Index (CRI) .....	85 CRI

### Key Features

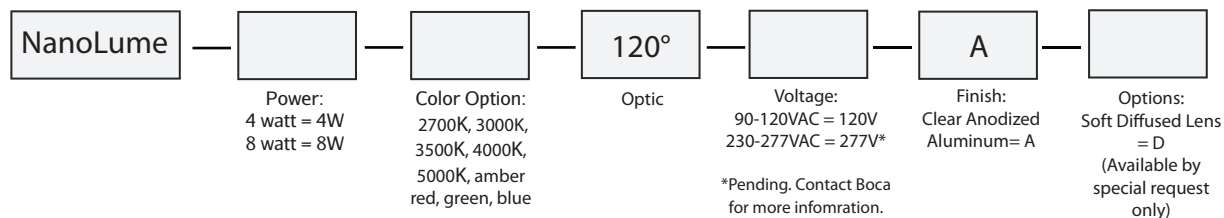

- Compact, variable light fixture for interior use
- Fixture comes in 4" increments - 8" minimum.
- Many options in color temperature to suit a range of projects - call factory for additional options
- EMI Filter available upon request - call factory for more information
- Uses standard line voltage dimming
- Contact Boca Flasher for tips on custom installations
- Interior installations only
