## INSTALLATION INSTRUCTIONS

### INSTRUCTIONS FOR INSTALLATION

- WARNING: Not following these instructions will result in damage to the LED fixture(s) and/or LED Driver, and is not covered under warranty.
- Do not connect LED fixture(s) to driver while it is energized. Leave power off.
- When connecting more than one LED fixture, they must be connected in series wiring.

Step 1. Drill a 3 1/8" hole into the mounting surface.

Step 2. Squeeze spring anchors (A) and insert the fixture into the cutout. The spring will release, pulling the fixture flush with the ceiling.

Step 3. Refer to the compatible 350mA Driver instructions for wiring, number of fixtures per Driver, and additional requirements.
