

Safety Track® Heavy Duty Grade

3200
SERIES

Safety Track® Heavy Duty is a premium grade anti-slip tape. This product was engineered to provide a durable non-slip surface that stands up to the oil, diesel fuel and mud found in the most extreme OEM environments. The use of silicon carbide grit ensures a consistent, long-lasting “high slip resistance” under the toughest conditions. We have designed our adhesive system to meet the strict requirements of the material applications. You can be assured that the material will work when you need it the most.

- Premium high traction non-slip tape
- Aggressive adhesive system engineered to meet the product demands
- Consistent “high slip resistance” with silicon carbide grit
- Oil, fluid and grease resistant
- Designed for heavy duty, harsh environmental applications
- NFSI - National Flooring Safety Institute certified for “high traction” 
- Available in many stock and custom sizes
