

FLEX TRACK® COARSE GRADE

4200
SERIES

This is a heavily embossed anti-slip PVC that was developed for riding lawnmowers, horse trailers, boat trailers, foot pedals, exercise equipment, and more. An engineered, general purpose, aggressive adhesive system allows this product to adhere to metal, sealed wood, and most plastics. Flex Track® Coarse is available in many stock roll widths and can be custom cut.

- Non-abrasive embossed PVC
- Easily cleaned and mop-friendly
- Available colors: Black and Clear
- Excellent product for over-lamination on floor graphics
