

application

- Low profile, heavy duty compact strip
- Available in numerous different lengths with many lamp/ballast options
- Ideal for coves and showcases, where an unobtrusive very low profile linear light source is required

construction

- The TCM series is a premium grade of fluorescent mini strips specifically designed for long-term, heavy-duty installation
- Features durable steel bodies, quality paint finishes and superior electrical components
- Wireway covers easily attach with screws for easy maintenance
- Back keyhole slots are provided for easy installation
- Available in New York City code (20 ga.) and UL code (23 ga.) steel
- Knockouts are provided in the end and back for mounting versatility
- Plug through and interconnecting wiring is available
- All fixtures are U.L. listed and IBEW union made

electrical

- All electrical components are U.L. listed
- Ballasts are class P, thermally protected
- 120V is standard on all units
- Numerous options are available:
 T5 electronic or T8 electronic;
 see ordering information on back

finish

- Prior to painting, all metal parts are treated with a multi-stage phosphate bonding process to ensure adhesion and inhibit rusting
- Painted with a lighting grade baked white enamel, having a reflectance factor exceeding 87% for premium quality and durability

ordering guide
