## Features and Benefits

- \* DIMMABLE in range of 100% - 10% using ordinary dimmers
- \* New! Patented flicker-free ANALOG DIMMING™ system
- \* Reliable start at the lowest setting
- \* Patented design for direct replacement of incandescent light bulbs CANDLE style
- \* High Luminous Efficacy: Up to 45 Lm/W
- \* Wide range of operation ambient temperatures: -20°C – +60°C
- \* New! Patented Amalgam Technology: Any working position with stable light output
- \* Superior Lumen Maintenance of 85% after 3200 hours of use
