Features and Benefits

- High efficacy, lumen maintenance, and long life, 24,000+ hours.
- Blends well with incandescent sources.
- Most efficient lighting source available.
- Operates on standard HPS ballasts and auxiliary equipment.
- Reliable, stable color performance.
- Three times the efficacy and five times the brightness of incandescent lamps.

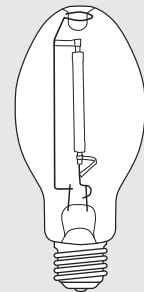

Applications

- General lighting applications where high efficiency and long life are desired while color rendering is not critical.
- Perfect for industrial facilities, gymnasiums, malls, parking lots, building facades, general area lighting, and roadways.
- Ideal for general lighting applications where high efficacy and long life are desired.
