

# Carbon Monoxide & Natural Gas Alarm

## 120 Volt AC Hardwired with Battery Backup

### Model MCN108

**NEW 2-in-1 Smart Alarm** uses a single sensor to detector both CO & Natural Gas. Microprocessor Intelligence provides superior nuisance alarm resistance, along with temperature & humidity compensation, self diagnostics and Quick Find® alarm origination features. Perfect for new or replacement installations.

This 120 Volt AC/DC hardwired combination carbon monoxide & natural gas alarm offers time-saving installation features, value and quality.

#### Features

#### Benefits

Dual Sensing Alarm	<i>Provides protection against two deadly household threats: Carbon Monoxide &amp; Natural Gas</i>
Auto sensitivity calibration	<i>Prevents nuisance alarms and provides consistency in alarm sensitivity</i>
Self-diagnostics feature	<i>Performs a status check upon power up to ensure alarm is functioning properly</i>
Ambient condition compensation	<i>Automatically adjusts sensitivity for temperature and humidity conditions</i>
Replacement or retrofit	<i>Existing USI or Universal brand 120 Volt AC/DC alarm using existing wiring and mounting bracket</i>
Quick activation pull tab	<i>Preserve battery life. Preinstalled battery is quickly activated without removing alarm from bracket</i>
Universal mounting bracket	<i>Fits any standard wiring junction box, single gang, round or octagon, up to 4"</i>
Quick connect wiring harness	<i>Longer 8" pigtail wires are pre-stripped</i>
Larger mounting base	<i>Covers drywall imperfections and old paint marks</i>
Quick Find® alarm origination feature	<i>Patented feature easily identifies first alarm to sound in an interconnected system</i>
Product end-of-service life warning	<i>Alarm signals when it is time to replace after approximately 7 years (from the date of initial power-up)</i>
Front-load battery drawer	<i>Replace battery without removing alarm from bracket</i>
Single silence/test button	<i>Temporarily quiets nonemergency alarms and tests alarm functionality</i>
Full-size plastic dust cover	<i>Protects alarm from dust, debris and painting during construction or home remodeling</i>
2 tamper resistant locking features	<i>Prevents alarm and battery removal</i>

#### Technical Specifications

Sensor Type:	Solid state, tin oxide
Primary Power:	120 Volt AC 60 Hz
Battery Backup:	9 Volt <b>Energizer</b> alkaline battery
Audible Alarm:	85 dB at 10 feet
Temperature Range:	32° F to 100° F (0° C to 38° C)
Humidity Range:	10% to 95% RH
LED:	4 LED's: alarm, power, CO, gas
Size:	5.65" x 5.63" x 1.75"
Warranty:	5 year limited

#### Regulatory Compliance:

California State Fire Marshal (CSFM)  
National Fire Protection Association (NFPA)  
Housing and Urban Development (HUD)  
Federal Housing Authority (FHA)  
CZHF (UL)

Conforms to UL Std.  
UL 2034 UL 1484
